PANEL DISCUSSION AT THE NOMS'04

SEOUL, 21-04-2004

Have we lost control of our networks?

YES, WE DID

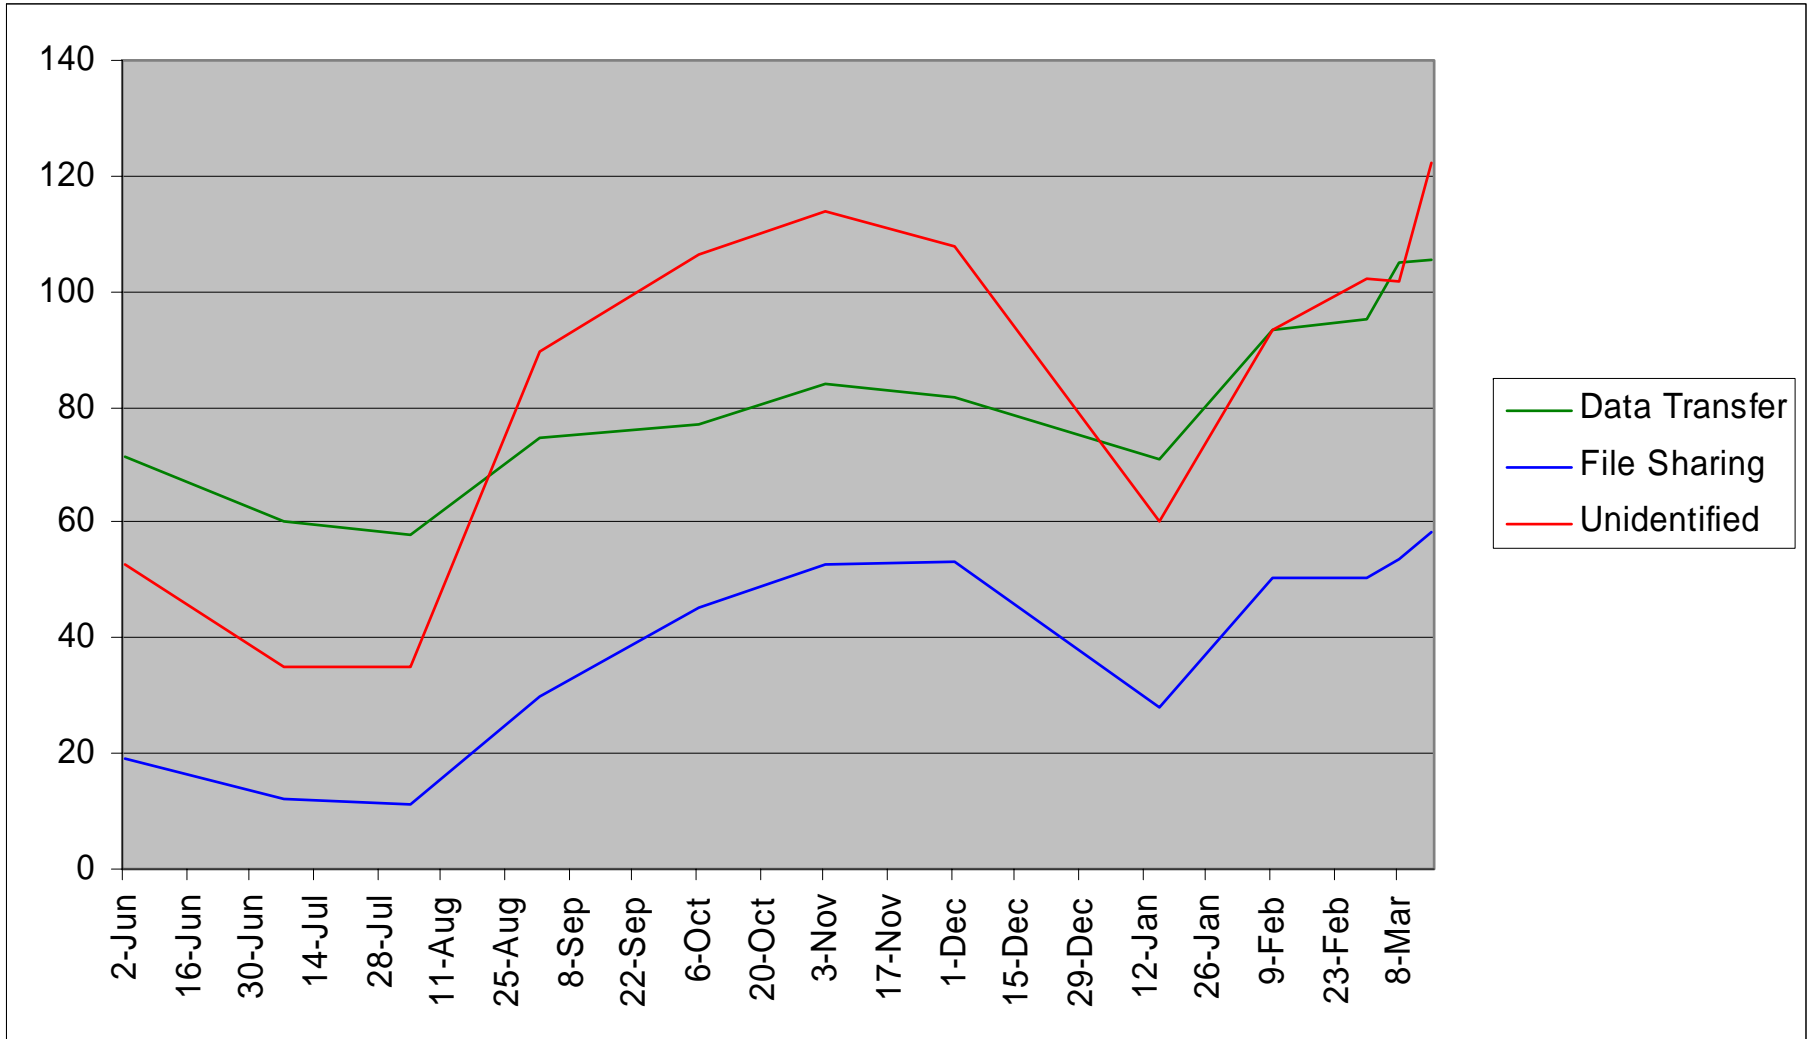

NOT CONVINCED?

TAKE A LOOK AT:

- AMOUNT OF UNIDENTIFIED TRAFFIC
 - INCREASE OF SPAM
 - NUMBER OF INCIDENTS

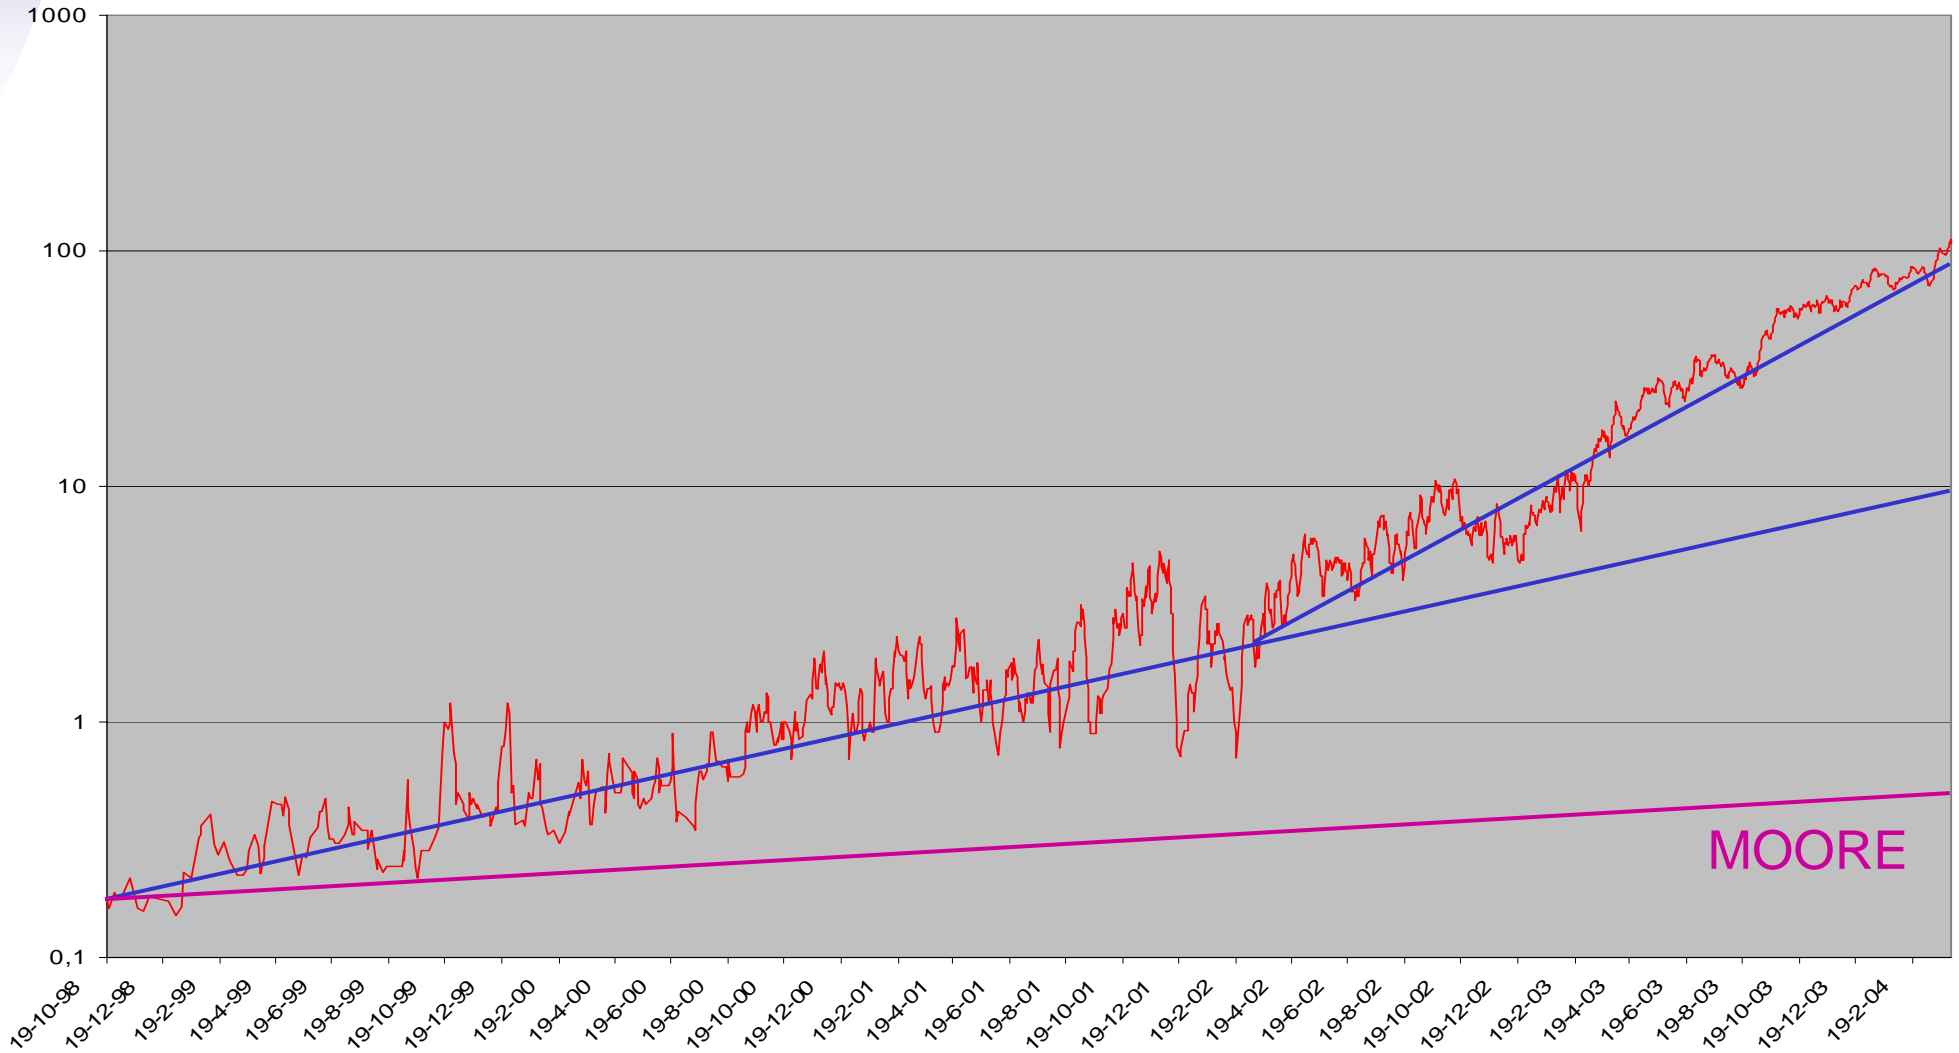

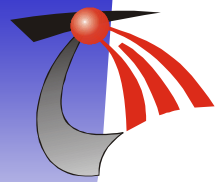

EXAMPLE: INTERNET 2

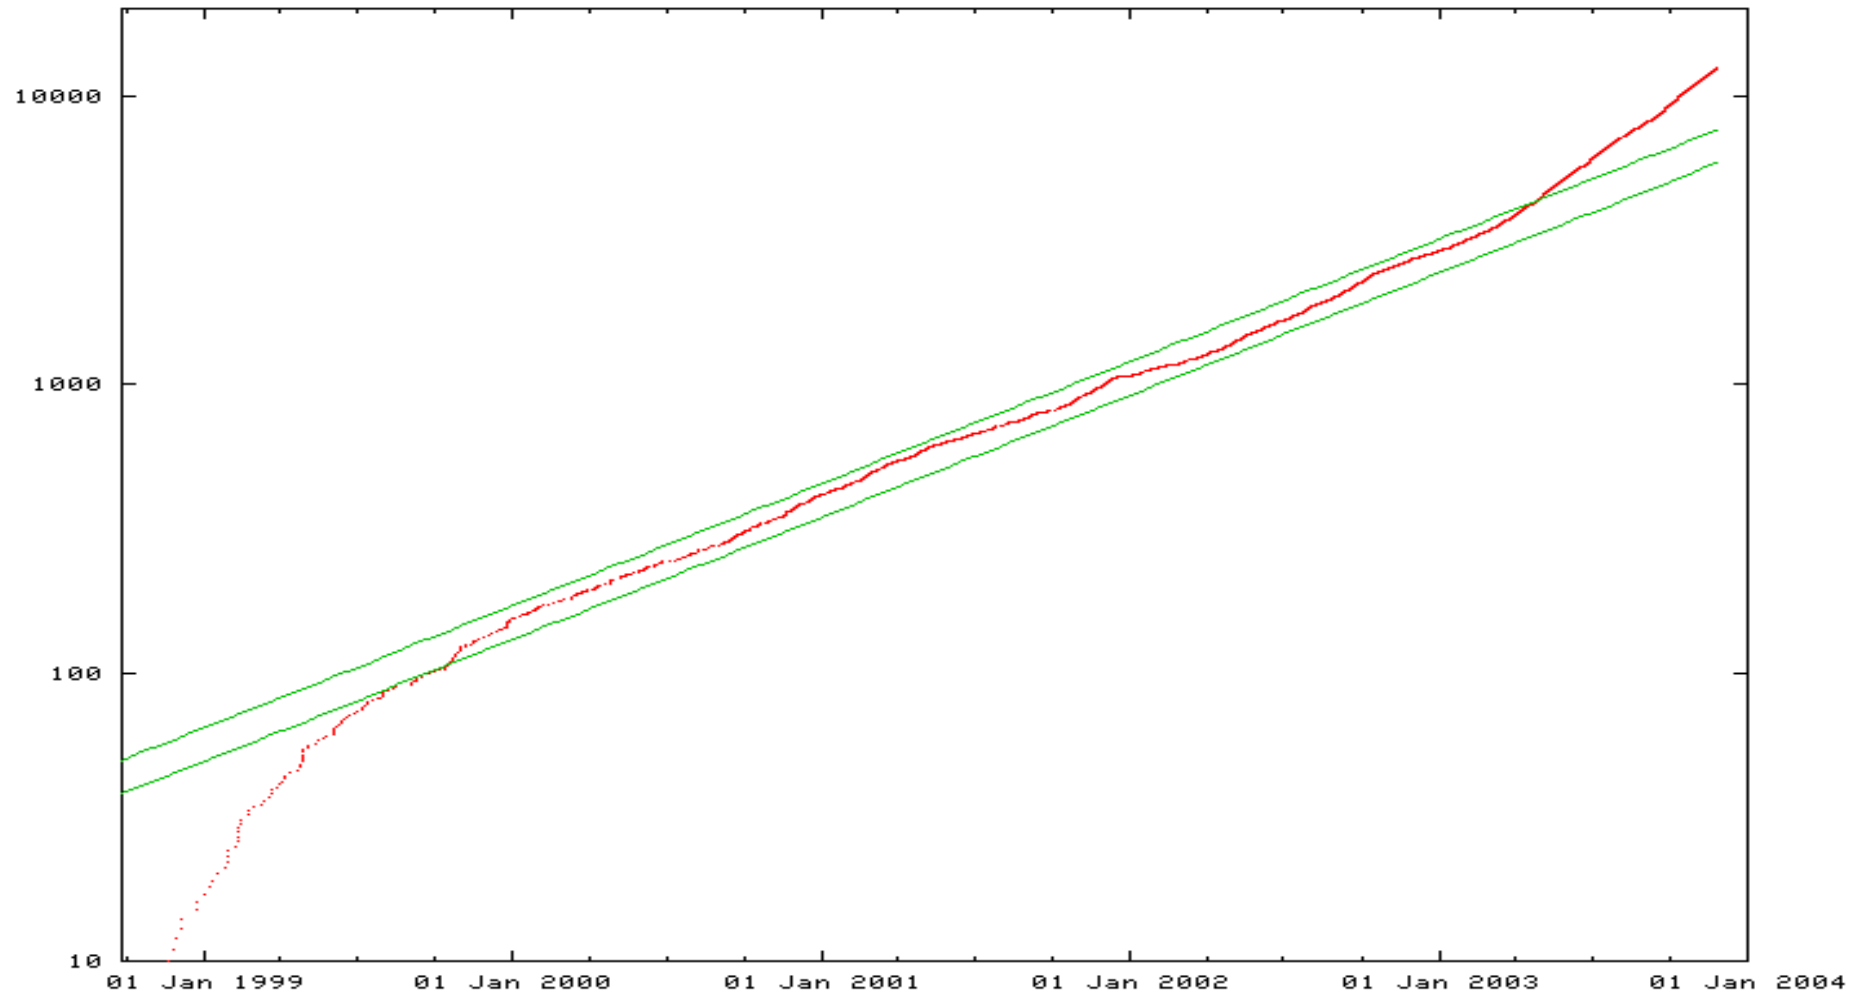

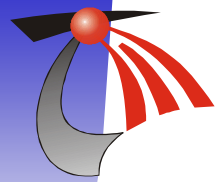

EXAMPLE: E-MAIL

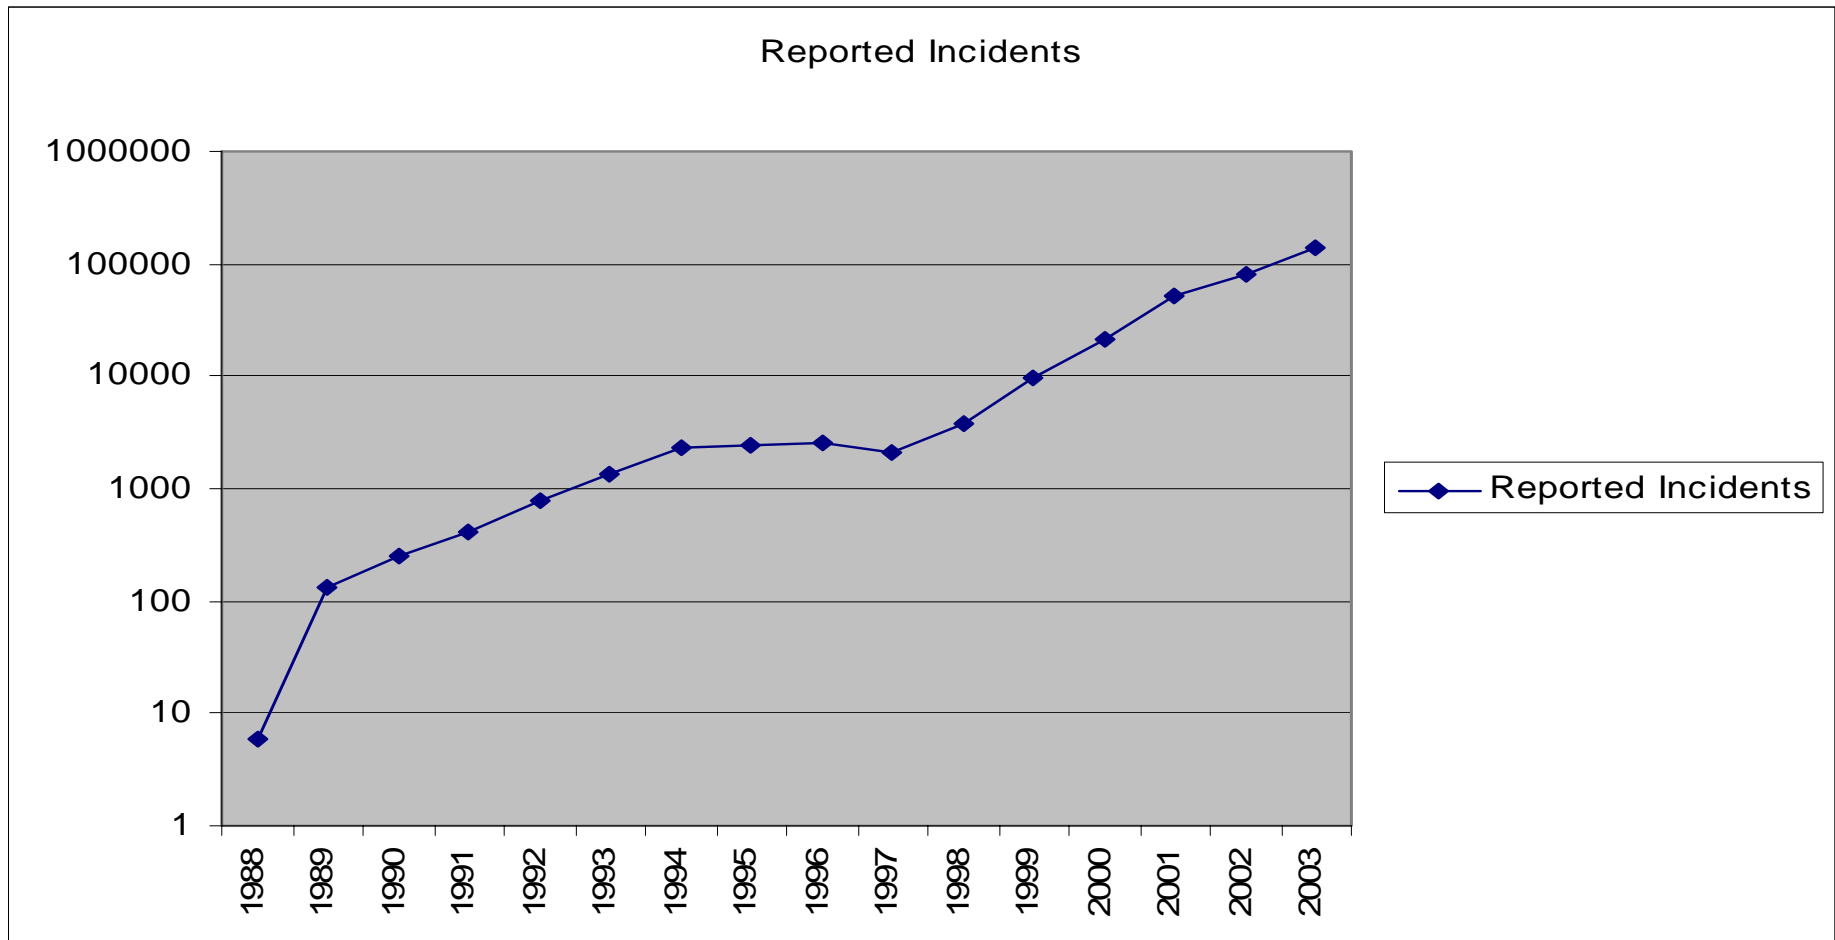

EXAMPLE: E-MAIL (TOTAL SPAM)

EXAMPLE: CERT INCIDENTS

ONLY CONCLUSION

AMOUNT OF UNIDENTIFIED TRAFFIC IS HUGE

**GROWTH OF SPAM AND INCIDENTS
FASTER THEN MOORE'S LOW**

WAKE UP!!!!
